## DISCUSSION QUESTIONS

1. The "race" in Greek comes from the word "agona" (ἀγώνα) which is where we get the word agony. How is our journey with Jesus (the race) related to this root word?
2. What are some easily besetting sins that weigh us down along the way?
3. Have you ever experienced bitterness? How did it defile others?
4. Approach His throne of grace and let your request be made with boldness as a group.
